

CERTIFICATE OF COMPLIANCE**Re: Automatic Door Installation****Site Name:****Site Location:****Serial No(s):** XXXX**Date:**

Please be advised that the Automatic Door Operator(s) model Logic Slide & Logic Swing referred to has been manufactured to meet the requirements of the Australian Standard **AS5007/2007** and the relevant clauses of the **BCA and or National Construction Code**.

The unit is equipped with failsafe emergency egress equipment to failsafe in the open position in the event of power failure when the unit is in "Automatic" and the "Exit" modes or when the fire alarm signal is connected and actuated. On total failure, the doors can be slid/pushed open with a force no greater than **110 N.**

This installation was commissioned to comply with the requirements of **AS5007/2007** and or **National Construction Code the Building Code of Australia** including clauses **D2.19 (d) (i)** and/or **D2.21(c)(i)** upon completion of work/s.

Provided our **recommended maintenance procedures** are followed, this installation will continue to meet these requirements.

Further information on these **regular maintenance procedures** can be obtained by calling our **national toll free phone number 1300 138 750**.

Yours faithfully,

AUTO INGRESS PTY LTD
