

DOOR VENTS

Comsupply's air relief grilles are made from high quality extruded aluminium. The installation of door grilles is a time efficient and simple process with no drilling required.

Suitable for door thicknesses from 30-45mm and available in standard sizes from 300 x 150 to 600 x 600 in natural clear anodised.

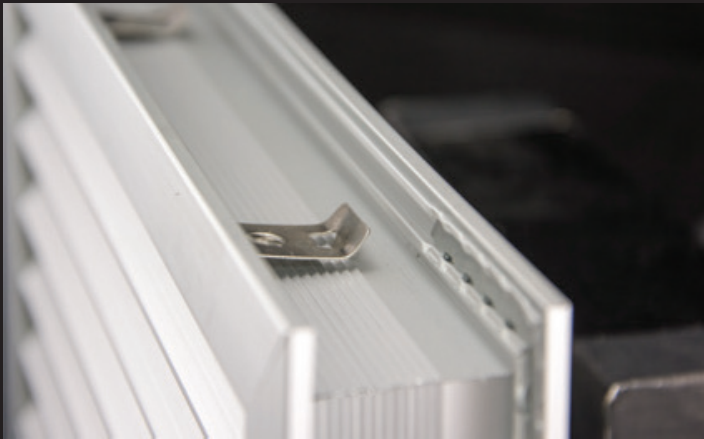

Custom sizes and optional powder coat colours and finishes are available on request.

Privacy Guaranteed

The blades are angled to guarantee occupant privacy.

Convenient and Easy

The telescopic frame makes installation easy. The frame can adapt to the required door thickness.

Secure Fix

The clips snaps in small increments and provide a tight hold.
